Dear John:

Thank you very much for your note of
13 August which has just recently reached me.

The enclosure confirms what we have felt
here. Obviously a very personal relationship
does exist between [Redacted]

[Redacted] In fact, the letter is rather touching.
As a matter of fact, [Redacted]
does see [Redacted] quite often and insofar
as I am aware the relationship seems to be satis-
factory. However, I will keep your suggestion
closely in mind if any occasion arises.

With best regards,

Sincerely yours,
